Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	Due to a technical error, 12.5 hours of Bounce Network programming that aired between 9/10/16 and 10/15/16 did not contain the E/I Symbol. the technical issue has since been resolved, and, with one exception on 11/05/16, all regularly scheduled Bounce E/I programming has included the E/I Symbol as of 10/22/16. Bounce established new processes to ensure that this issue does not recur. To address any possible concerns about compliance with FCC requirements for E/I programming, Bounce rebroadcast the 12.5 hours of E/I programming that originally aired without the E/I Symbol, for a total of 12.5 hours of E/I programming in addition to Bounce's regularly scheduled E/I programming. See attached Bounce Make Up Broadcasts attachment. The FCC staff was notified of the error and the steps taken to resolve the error. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Produced primarily for the 13-16 target audience, Xploration Nature Knows Best will inspire and educate audiences of all ages. Host and marine biologist, Danni Washington, exudes energy as she relates how technology all around us was inspired by nature and how modern innovators are continuing with this practice. We will whirl around in airplanes inspired by birds, and in helicopters influenced by the dragonfly, and even jump from a few such vehicles to illustrate how wingsuits were invented based on the flying squirrel. But engineers arent the only scientists looking toward nature. We will also meet with biologists studying the behavior patterns of ants, architects who design living buildings, and roboticists who are making their designs bigger, stronger, and faster based on animals. This series will help kids to understand how getting outside and taking a look around can help them make the next great discovery. Xploration Nature Knows Best is a half-hour weekly EI series produced with the intention of increasing and expanding our target audiences interest in the field of STEM education.
